

Waterski Coach/ Instructor Wanted for Loch Cameron Waterski Training Center

Terms of Employment:

Date: June 1st - September 15th or part thereof. Core season July-Labor Day, as such both university and high school students can be accommodated within this time frame.

Location: Loch Cameron Waterski Training Center, Carp, Ontario

Boat: 2021 Malibu XTI

Position Type: Seasonal

Availability: Part & Full Time Positions available; weekends & weekdays

Age Requirement: 18 years or older

Position Summary:

As a Watersports Instructor you will assist learners in lessons/private water skiing instruction. The majority of your time will be spent in a ski boat, while the remainder of your time may be spent assisting dock staff and/or supervising staff. There will also be a requirement to streamline and direct the learning.

Opportunities will exist in the planning and execution of tournaments including providing familiarization sets prior to tournaments and management of the dock at the time of the tournaments. We are looking for experience, professionalism and enthusiasm for all members of our team.

The Waterski Coach/ Instructor will report to the Club President, who will not be on site the majority of the time. This will require that the candidate have maturity+/-experience in such a role.

Located in the lovely and self contained town of Carp, Ontario. Loch Cameron Waterski Training Center offers a world class ski lake and surveyed slalom course. The lake has recently changed hands, having been previously managed by the Ottawa Ski Club. We will try to build on the previous work of the Ottawa Ski Club to bring a competition and training environment to waterskiing in the Ottawa Area.

Key Responsibilities and Tasks:

1. Experience and interest in waterfront programming in a dedicated ski lake setting.

To be well presented with a professional attitude at all times

- To maintain an excellent standard of customer service
- Deliver watersports instruction and operate boats safely following the principles learned in WSWO's Foundations Course.
- Assist in the preparation, organization, delivery and the running of activities for club members and other learners both on and off the water
- Actively plan and prepare suitable sessions based on experience and ability for all participating in lessons & clinics
- Actively be involved in preparation and execution of tournaments and clinics for learners
- Actively be involved in developing a Rip and Ride program, as per WSWC for the Ottawa area
- To ensure the highest standard of health and safety is adhered to and that club members and others are advised on the practical/safe use of all equipment
- To take personal responsibility for the maintenance, repair and security of all equipment and inspection thereof
- To ensure that the Equipment Storage Center/Change and Bathroom areas and overall property is maintained to a high standard
- The ability to work well, both independently and as part of the team to be able to identify, report or solve identified potential safety issues
- To be flexible and agile in your job role and willing to assist in all other duties as requested by Club owners
- To be responsible for scheduling skiers and part-time/other staff and available clinics
- Operate all company vessels with care and accordance with all laws
- Ensuring all COVID-19 Protocols and Procedures are followed to the letter.
- Have read and understood the Ontario Safe Sport Manual
- Indigenous persons, vulnerable youth, newcomers, and persons with disabilities are invited to apply.

Qualifications:

1. WSWO Foundations course certification
2. First Aid and CPR certification
3. PCO (Pleasure Craft Operator) Card
4. WSWO single membership

5. Experience in driving a ski boat in a waterski course and coaching youth and adults in slalom skiing required

Salary: Commensurate with experience. The ability to train on site can be negotiated by the successful applicant. A bonus will be paid at the end of the summer.
