

## **Two New Inductees to the WSWO Hall of Fame**

The Water Ski Wakeboard Ontario Hall of Fame recognizes outstanding contributions to the sport made by members over years of dedicated service. Whether an accomplished athlete or a builder, induction into the WSWO Hall of Fame is the ultimate tribute we can pay to those who have served the sport with selfless energy, expertise and commitment.

We do not celebrate our builders and athletes nearly enough; but, we are excited to recognize two great contributors to our sport as the latest inductees to the Water Ski Wakeboard Ontario Hall of Fame!

### **Mike Spence:**

For over 25 years, Mike Spence has been a staple with WSWO. For many years, Mike served a dual role on the Board, as secretary and as the Director for the Barefoot discipline. His leadership and dedication to the Board always puts the best interests of the association first. He manages the Barefoot side with the same passion he has for the entire organization. Mike has planned, organized, and managed many local, regional and National Championships. He put those skills and his commitment into hosting the World Barefoot Championships at Dream Lake - and rumour has it that Mike is a very good Barefoot athlete!

No one is more deserving of this recognition. Congratulations Mike and welcome to the Water Ski Wakeboard Ontario Hall of Fame!

### **Terry Jones:**

Terry Jones has been a significant contributor to the sport for a long, long time. While most would know Terry for his work with the Barefoot community, his work supporting the whole of WSWO has been exceptional.

A genius with a computer, our equipment and the software we are using (and more we would love to have). When problems arise, Terry is always there to find the solutions. Terry is thoughtful, creative and practical – key attributes in a sport with limited resources. His knowledge and creativity are beyond explanation.

Terry has long worked his magic at Barefoot and Traditional tournaments, including multiple World Barefoot Championships, Canadian Championships and the 2015 Toronto Pan Am Games. Terry's knowledge of the sport at many levels, on the water, behind the scene and as support for our office, has long made him an invaluable asset to our Association.

Congratulations Terry as you are inducted into the Water Ski Wakeboard Ontario Hall of Fame!
