WSWO 2022 WATER SKI TEAM

Here is the selected team based on each individual's top 3 unique scores from the 2021 season being averaged together and then divided by the National Ranking lists top 3 scores average in each division and event. This gives us a percentage that represents the likelihood of each individual team member's chances to podium at the Canadian Nationals. Our top 12 kids that met the previous years requirements will be the Tier 1 Provincial Team. The next 12 kids that meet the previous years requirements will make up the Tier 2 Development Team. Any remaining applicants will be added to the T3 Grassroots Team.

This year we had over 30 applicants! Somehow even when some of our team members "age out" we continue to have more kids applying each year. This shows us that our team is working. More and more youth are entering the sport and loving it enough to want to start competing and focusing on maximizing their abilities on the water. As a coach this is why I do what I do. I love seeing how much all these kids love putting in the work to be their best.
